Make Confident Connections Through Your Approved Supplier Directory

Whether you're planning your first self storage facility, launching a new business, expanding an existing operation, or looking for ongoing support, our Approved Supplier Directory connects you with trusted suppliers serving the self storage industry.

Every business featured in the Directory is a supplier member of the SSA UK or FEDESSA, has a proven track record of supplying and supporting members, or has been endorsed by the CEOs. All suppliers agree to abide by our Supplier Code of Conduct, giving you added confidence when choosing products and services for your business.

Find the right supplier for your needs

The Directory is organised into easy-to-search categories, many of which feature multiple suppliers, so you can compare options and choose the solution that best suits your business.

From security, access control and construction to technology, insurance, marketing and professional services, our supplier members provide the expertise, products and services needed to support self storage businesses at every stage.

Whether you're just getting started or looking to grow and improve an established facility, our supplier network is here to help.

Interested in supplying the self storage industry?

If you would like to find out more about becoming a supplier to the industry, please contact:

Stephen Ramage, SSA UK
Email: sramage@ssauk.com
Telephone: +44 (0)1270 623150

Maxime Lagrillière, FEDESSA
Membership Officer

Please Note: While suppliers featured in this directory are approved suppliers, inclusion in the directory should not be taken as a guarantee of their service levels, performance, or suitability for your particular requirements. We recommend that members carry out their own due diligence before engaging a supplier, including checking credentials, comparing quotations, and requesting references from existing customers. The decision to appoint a supplier remains entirely at the member's discretion.

Online Supplier Directories

Visit the online Supplier Directories for additional details on each of the Suppliers listed:

www.ssauk.com/suppliers/supplier-directory.html

www.fedessa.org/suppliers/supplier-directory.html

Network directly with Suppliers

Our industry events provide valuable opportunities throughout the year to meet, connect, and build relationships with supplier members. From UK Regional Members' Networking Events, our Annual Golf Day, Winter Workshop, Race Day and the SSA UK Conference to the European FEDESSA Conference, as well as national conferences in other European countries, there are plenty of ways to meet suppliers face-to-face. Take the opportunity to discuss your business needs, explore new products and services, share ideas and keep up to date with the latest developments across the self storage industry. Join us at our next event and make the connections that can help your business grow. Book your place for the next event at ssauk.com or fedessa.org.

Advantages of Membership

Are you using every advantage of your SSA UK membership?

Some valuable benefits can be easy to overlook. The members-only area of the SSA UK website gives you access to legal resources, Member QuickGuides and Best Practice Guides to help you navigate the challenges of running a self storage business. Need advice? Our members-only helpline provides practical support when you need it.

Business performance support
Develop your team with industry-specific training and use the UK and European Annual Industry Reports to benchmark performance, understand trends and identify opportunities.

Connect
Stay informed and build relationships through CEO Update Webinars, Sector Forums, Hot Topic Webinars, networking events, Young Storage Network activities and our annual conference.

Put your membership to work
Display your certificate and window sticker, use the SSA UK logo and keep your Facility Locator listing updated to build customer confidence and generate enquiries. Log in today and discover the benefits available to you.

www.ssauk.com

Are you making the most of the FEDESSA network?

FEDESSA is the European federation of self storage associations, giving the industry a voice across Europe. For operators, national association membership brings a connection to insight, experience and influence beyond the home market. FEDESSA helps associations share best practice, tackle regulatory and operational challenges, uphold European standards and represent the industry's interests.

That wider perspective has practical value too. European market data and industry reports help operators benchmark performance and spot emerging trends, while webinars and the FEDESSA Conference & Trade Show offer a chance to learn from peers across Europe.

For supplier members, FEDESSA opens the door to a network of operators, investors and decision-makers. Events, the supplier directory, member communications and promotional opportunities all help build visibility, demonstrate expertise and create relationships. Whether you operate facilities or support them, FEDESSA turns national membership into European connection.

www.fedessa.org

The Young Storage Network (YSN)

The Young Storage Network (YSN) brings together the next generation working in self storage, creating opportunities to connect, learn, share ideas and build relationships across the industry.

With more than 360 members, YSN represents every corner of the sector. From directors to customer service staff, from operators to suppliers, the network brings together a real mix of roles, experience and perspectives. That variety is its success – everyone has something to contribute and something to learn.

You don't need to be new to self storage. YSN supports people as they develop their careers, whether they have just joined the industry or already have several years' experience behind them.

Throughout the year, members can get involved in online educational sessions featuring well-known industry figures, experienced operators, suppliers and people facing many of the same day-to-day challenges. The focus is firmly on useful, practical content rather than just another webinar to sit through.

Our in-person events combine learning with relaxed networking and plenty of opportunities to swap experiences. Experimenting with different formats and venues to keep things fresh – recent events have included everything from craft breweries to padel courts.

The conversation continues online too. Our growing LinkedIn, Instagram and Facebook communities help members keep in touch, share successes and stay up to date. Meanwhile, the lively YSN WhatsApp group has become a valuable place to ask questions, offer support and share knowledge across the sector – so successful, in fact, that it inspired SSA UK to create its own group. The YSN Podcast is also currently in production.

YSN members are also receiving greater recognition. The YSN Award, presented alongside the main SSA UK Awards at the UK Conference, celebrates emerging talent and the contribution younger professionals are already making.

Ultimately, YSN is about connections, opportunities and getting involved.

If you have people under 40 in your business who aren't already members, encourage them to take a look and become part of a friendly, forward-thinking and growing industry network.

Meet approved suppliers face-to-face

Build valuable connections with approved suppliers at in-person events throughout the year, including the SSA UK Conference and the FEDESSA Conference.

Scan the QR code or visit the link below to explore upcoming events and discover your next opportunity to meet, network and do business.

www.ssauk.com/events/calendar.html

www.fedessa.org/events/ems-event-calendar.html

Please Note: While suppliers featured in this directory are approved suppliers, inclusion in the directory should not be taken as a guarantee of their service levels, performance, or suitability for your particular requirements. We recommend that members carry out their own due diligence before engaging a supplier, including checking credentials, comparing quotations, and requesting references from existing customers. The decision to appoint a supplier remains entirely at the member's discretion.
